### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: it is deemed novel and unobvious over the prior art of record to so perform a method for making a corrugation-free foam from an extruder having an annular die with an annular die opening and a novel choke ring as instantly claimed, comprising extruding a polymeric resin and a blowing agent as claimed in claim 1, including a contact time of 1-20 milliseconds; as claimed in claim 15, including a foam that has an average cell size of 0.20-0.35 millimeter; and as claimed in claim 41, including a choke ring gap of less than 4.57 mm, as the prior art of record does not teach or suggest said method.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
